

MOFFMAY NIGERIA LIMITED

HSE Policy

MNL gives priority to health and safety of everyone directly or indirectly affected by its activities and due to the environment. Therefore MNL conducts its activities in a way that;

- Avoids injuries to our staff and sub-contractors through proper job planning, effective controls of occupational health hazards and prompt medical attention.
- Minimizes the impact of our activities on the environment.

MNL strives to provide a safe work environment at all times and uses HSE performance and contribution as a tool to judge the effectiveness and performance of every staff as well as contractors and sub-contractors

Health, Safety, Environment and Security shall be managed in the same way as production and cost control.
