Quality Policy

It is the policy of MNL to execute its NDT inspections, QA/QC inspections, provide Third Party Technical inspections, welding and Fabrication Services and Man- power supplies service at all times to meet the requirements of ISO 9001: 2015 and all the relevant legal requirements and agreed client requirement at a cost-effective manner.

In order to obtain customers confidence that planned product/service quality is achieved. MNL established the following objectives;

- Maintaining customers' confidence at highest level and increase customer satisfaction.
- Increase the productivity of our services and reducing costs of poor quality.
- Increase personnel competence by conducting regular training, awareness' and performance evaluation.

In order to achieve these objectives MNL has established the following strategy:

- Implementing QMS in compliance with ISO 9001-2015 requirement.
- Periodical evaluation of vendor's performance, vendor's satisfaction and establishing of needed action.
- The policy is consistently communicated to all staff in MNL during QMS Awareness Session and regular meetings and also made available to other interested parties and customers when required.
- This policy and the Quality Management System is reviewed annually to ensure its continuing suitability, effectiveness and efficiency at all times.
